

ROAD HAZARD WARRANTY

Guaranteed
protection
for the life
of your tyres

Not all punctures are repairable. In fact, simply running over a screw in your driveway could damage your tyre beyond repair. Then you can be forced to pay for another new tyre!

So protect your investment with Road Hazard Warranty.

ROAD HAZARD WARRANTY

ONLY
\$13.50
per tyre

You're guaranteed:

Free puncture repairs

Any repairable puncture will be fixed free of charge for the legal tread life of the tyre.

Free tyre replacement

If the tyre can't be repaired we'll fit a replacement and you'll pay nothing within the first 12,000km or 12 months, whichever comes first.

Protection for the life of the tyre

For the remainder of the legal tread life of the tyre (after 12,000km or 12 months), if the tyre can't be repaired, you will only pay for the tread you've used. For example, if you have only used 15% of the legal tread depth you will only pay 15% of the tyre's current value to replace it.

Your Road Hazard Warranty can be claimed at the store where you purchased it, or any other participating store. A full list of participating stores can be found at bridgestonetyres.co.nz

Road Hazard Warranty conditions

Road Hazard Warranty can only be sold with Bridgestone, Firestone, Supercat, Primewell and Dayton branded tyres at participating stores. It does not cover damage caused by vandalism, motor vehicle accident, mechanical problems, misuse, abuse, misalignment, intentional run flat or snow chains.
